TONDO

Step into a world of mesmerising design with the Tondo collection, where each piece weaves a story of comfort and versatility.

The hallmark of this collection lies in the craftsmanship of a thick, multi-coloured 30mm rope. It is carefully intertwined into a visually captivating pattern that defines the essence of the entire collection.

This striking rope motif is complemented by the sturdy yet sleek powder-coated aluminium frame in a serene linen shade, which adds a touch of contemporary allure to the whole assembly.

NOA

Noa collection, designed by Enrique Marti, establishes an oasis of tranquillity. Creating a calming, serene environment is the aim of this collection and inspired us also on the name of this collection. Noa - Noach which means rest and peace.

Characterised by its curving, the framework is made of natural teak that pays homage to old craftsmanship. The feeling of being close to nature continues thanks to the hand woven strap with a subtle touch of green.

GUTTERS

Gutters offer an uninterrupted protection between several umbrellas. By connecting the parasols, large areas have a complete coverage against the sun or rainy weather. A gutter is always attached to the parasol with a slight slope in order to drain the water efficiently in the desired directions.

Our gutters are available in the same colour as the cloth of the parasol to match perfectly.
Only applicable on the following parasols: JCP.201, JCP.202 and JCP.501.
